HIGHLANDS AND ISLANDS ENTERPRISE

PUBLIC SERVICES REFORM (SCOTLAND) ACT 2010: STATEMENT FOR 2020/21

Under the Public Services Reform (Scotland) Act 2010, we have, along with other public bodies in Scotland, a duty to publish annual public statements relating to our expenditure in the following areas:

- Public relations
- Overseas travel
- Hospitality and entertainment
- External consultancy

In addition, the Act requires public bodies to publish details on:

- Payments with a value in excess of £25,000
- Employees/members who receive remuneration in excess of £150,000.

Furthermore, the Act requires public bodies to publish a statement of the steps it has taken during that financial year to:

- Promote and increase sustainable growth through the exercise of its functions
- Improve efficiency, effectiveness and economy in the exercise of its functions.

Our statement covering the financial year 2020/21 is set out below and includes costs relating to Wave Energy Scotland, which was established as a subsidiary of Highlands and Islands Enterprise in December 2014. The costs for Wave Energy Scotland have been split out from the Highlands and Islands Enterprise costs for transparency, and therefore the prior years' values have been restated.

Cairngorm Mountain (Scotland) Limited, which was established as a subsidiary of Highlands and Islands Enterprise in December 2018 and Orkney Research and Innovation Campus, which is a joint venture with Orkney Islands Council, are detailed separately below.

Sustainable Growth

Our strategic approach is founded on maximising the opportunities presented by the unique natural capital of the Highlands and Islands and our cultural heritage. In seeking to deliver benefits in every part of our region, we pursue opportunities that have the potential to sustainably deliver significant economic and social impacts. These impacts extend well beyond our borders and contribute strongly to the purpose and vision set out in the Scottish Government's policy frameworks and to Scotland's position on the world stage.

We want the Highlands and Islands to be a highly successful, inclusive and prosperous region in which increasing numbers of people choose to live, work, study, invest and visit. People and place are at the heart of our strategy and our vision can only be achieved through supporting inclusive growth and having a strong regional perspective.

We are committed to a green and inclusive recovery that strongly reflects the needs and opportunities of our region and its islands, communities and businesses and to deliver our priorities to:

- Enable strong, capable and resourceful communities;
- Build successful, productive and resilient businesses; and
- Create the conditions for growth and a green recovery.

We will:

- Support the hardest hit sectors, such as tourism and food and drink, to retain and create jobs and bounce back stronger in the island, rural and disadvantaged communities most impacted by COVID-19 and Brexit.
- Grow businesses and communities that are resilient, innovative and adaptable to the ever-changing
 and uncertain economic environment, creating new and fairer jobs and building the region's resilience
 and long-term recovery.
- Accelerate progress in the just transition to net zero that provides opportunities for communities and businesses and creates green jobs.
- Pursue new employment growth opportunities in evolving sectors such as life sciences, energy, space and the marine economy, where our region has natural, place-based advantages.
- Support investment in enabling infrastructure that will help underpin and bolster recovery efforts and is critical to population and talent attraction and retention.

- Support young people and other impacted groups, enabling their contribution to regional growth and building labour market resilience to ensure a regional economy fit to embrace the myriad of challenges and opportunities ahead.
- Build an inclusive and wellbeing economy through the principles of community wealth building and
 place-based approaches and the promotion of fair work, reaching all parts of the region, increasing
 income levels and tackling inequalities.

Efficiency, Effectiveness and Economy

HIE is constantly engaged in identifying opportunities to increase efficiency, lower costs and improve service quality. In ensuring HIE's management and administration budget remains on target, costs must be contained, and inflation absorbed.

HIE actively looks to make the best use of space available in its offices, however COVID restrictions has reduced access to our offices for this period. We will continue to seek opportunities to enter accommodation agreements with public sector organisations. In addition, as lease expiry dates approach, we are complying with Scottish Government policy on floor space and energy efficiency as we consider whether to extend the lease or seek new premises that deliver best value.

We have also continued to reduce our off-site storage costs for paper files. We have seen savings of 63% over the past 3 years.

HIE has reviewed its provision of facilities management in our Inverness office. During 2019/20 the delivery plan was implemented, and contracts mobilised that have resulted in significant savings for HIE and other organisations that occupy the same building. These saving have continued in 2020/21.

Staff travel was minimal in 2020/21 because of COVID restrictions. We spent £17k in 2020/21 compared with £638k in 2019/20.

HIE have committed to vacancy and recruitment management and continue to generate recyclable savings through lower staff replacement costs and the regrading of posts, in the 2020/21 financial year payroll savings totalled c£525k including employer costs. These savings not only contribute to the costs of HIE's pay award but also help to free up capacity to bring in different skill sets and capability to deliver HIE's strategic plan.

HIE is actively putting contracts in place to ensure best value, clear service level agreements (SLAs) and improved quality. Where possible central frameworks are utilised to save duplication of effort and achieve best value.
